## Paris Opera Ballet: CINDERELLA

23 June | Palace Verona, Paddington | 11:30am – Pre-screening talk

Join **Leo Schofield AM** for this pre-screening presentation of Paris Opera Ballet's tribute to former director **Rudolf Nureyev's** 1986 version of **Cinderella**.

**Charles Perrault's** celebrated tale, set to music by **Sergei Prokofiev**, is transported to an early film set. In a series of references to the heroes of the American cinema, **Nureyev** propels his Cinderella under the spotlights of Hollywood.

With a producer fairy godmother and star actor as Prince Charming, she escapes her miserable destiny and sees her dreams come true in a story not without similarities with that of the choreographer, the young Tartar, and said to be partly inspired by his own career trajectory.
